

Peter milne didn't take one flattering picture of the girl dancers but the guys are always gorgeous in his photos. What's up Peter?

me glaring at Peter milne because he never stops.

Two shows back to back and we pull together enough energy to go see "Mrs. Bone's Brothel" 5AM gig. Worth it too. John Bone is a genius. Pearly's great. It's overwhelming how much talent is in Australia's underground. I feed off this involvement. Sometimes though, even I need to stop talking. I'm probably thinking about 25 years of sleazy pub and midnight gigs. No surrender. no retreat. never say die.
